Date _____

Directions: With your group members, answer the following questions about your adaptive reuse plan.

1) What is the object or structure that is to be reused?

2) What was the object's original use? _____

3) Where is it located? Describe its immediate environs. (E.g., It is a grain silo on vacant land; there are no structures near it.) _____

4) Describe any transportation infrastructure that is near the site. _____

5) How long has the structure been in a state of disuse? Why (if you know) did it become disused? _____

6) What could it be turned into? Be imaginative! Think about needs that your city or town has. Jot down four ideas and explain *why* they would be beneficial to where you live.

- 1) _____
- 2) _____
- 3) _____
- 4) _____

7) Sketch the site or structure as it exists today.
